

Employability Skills Area: Organization and Responsibility

Assignment Name: Take A Break

Read the situation below related to the Employability Skills Area. Organization and Responsibility. Type a 150-word (minimum) response to this situation and make sure you answer the three questions in your response.

Situation:

You are working in a manufacturing job that has a continuous flow of products that need to be packed away in a box or carton. Because of continuous flow, the conveyor line never shuts down and as a result, employee breaks happen one person at a time. You are working on the King's Hawaiian packing line, and the person who takes a break in front of you almost always returns back to their work station 2 to 3 minutes late from their break. So, not only is your break delayed by a few minutes, all of your co-workers breaks are also delayed.

Questions:

1. Do you tell the boss?
2. Do you stay quiet to preserve the harmony of the packing line?
3. What effects does this have on the other workers?

Thank you to our Partner in Education for

providing this real workplace example.
